1. On 14 November 1947, at a meeting of representatives of the SMA, the SED, the Economic Commission, and all Central Administration presidents except Orlopp, it was decided henceforth to treat the USSR Sector of Berlin as a part of the Russian Zone. Industries in the sector are to be included in the zonal industrial plan, but the Berlin magistrat will not be informed.
2. The Central Administrations would control the production of firms, and take steps to obtain sole control of industry and trade in the sector. These acquisitive tactics would be continued until SMA decides otherwise.
